INDUSTRY TRADE DAY

Pro-Diving Services offer special industry days at their Banksmeadow Facility in Sydney. This is an ideal opportunity to learn what services PDS can offer your growing business including Hyperbaric Chamber dives, nitrox membrane systems and compressor support.

LIMITED TO 6 PEOPLE

(one representative from each company)

DATE: On Request

TIME: 9am - 3pm

Light lunch will be provided

INCLUDES:

- Introduction to Hyperbaric Chamber diving, including a complementary 30m dive for certified divers. Learn more about Hyperbaric Chambers, their functions and how chamber experiences can benefit your customers and your business.
- Introduction into Nitrox production and membrane technology. As a Nitrox membrane production facility, not only can we produce nitrox, our training simulator also enables operators to see what happens to the gases during the production phase.
